PUBLIC NOTICE

ACTA Retains ATIS and TIA Sponsorship September 12, 2012

The Administrative Council for Terminal Attachments (ACTA) is pleased to announce that at its July 26, 2012 General Council meeting, the Council unanimously approved the Alliance for Telecommunications Industry Solutions (ATIS) and the Telecommunications Industry Association (TIA) as its sponsors for the next four years (2013-2017). ATIS and TIA have served as the co-sponsors of ACTA since its inception in 2001.

Since ACTA's establishment, ATIS and TIA have played a significant role in ACTA's successes, existing industry value, and future potential. It is because of their commitment and dedication that ACTA unanimously agreed to retain them as its co-sponsors. Both ATIS and TIA also have agreed to continue their support of and involvement in ACTA. ATIS has additionally agreed to continue to serve as the ACTA Secretariat.

Pursuant to 47 CFR § 68.602(a), on a quadrennial basis, ACTA may vote by a simple majority to be sponsored by an American National Standards Institute (ANSI) accredited organization(s). Each sponsor is ANSI accredited.

Questions and comments about this notice should be submitted to the ACTA Secretariat via e-mail at acta@atis.org, or by phone at +1 202-628-6380.

About ACTA

The ACTA is an open organization established to: (1) adopt technical criteria and to act as the clearing-house, publishing technical criteria for terminal equipment developed by ANSI-accredited standards development organizations; and (2) establish and maintain a registration database of equipment approved as compliant with the technical criteria. ACTA is jointly sponsored by the Alliance for Telecommunications Industry Solutions (ATIS) and Telecommunications Industry Association (TIA). For more details about ACTA and the registration of TTE equipment to the Public Switched Telephone Network (PSTN), visit: www.part68.org.
