PUBLIC NOTICE

No.: PN05-07

ACTA Adopts Revisions to Database Submission Guidelines

December 08, 2005

Washington, D.C. – The Administrative Council for Terminal Attachments (“ACTA”) herein issues notice of the adoption of the *Guidelines and Procedures for submittal of information for inclusion in the ACTA database of approved Telephone Terminal Equipment, Revision 2.8, December 2005*.

The *Revision 2.8* reflects revisions for general corrections of formatting and text including updates to reflect the new Part68.org website and page locations; notice outlining FCC requirements for Part 68 Compliance and an informational description of terminal equipment subject to inclusion in the ACTA database; updates to reflect the new AOF System functionality; and clarification of the requirements for citation of ACTA-adopted technical criteria and FCC 47 CFR Part 68 requirements on SDoCs and TCB Certificates.

Revision 2.8 supersedes all previous versions of the *Guidelines and Procedures for submittal of information for inclusion in the ACTA database of approved Telephone Terminal Equipment*. The newly adopted guidelines and further information about the ACTA can be obtained from the ACTA Website at <http://www.part68.org>.

Terminal Equipment (TE) approved for connection to the PSTN must comply with all applicable rules and regulations of FCC Part 68, and with the applicable technical criteria adopted by the ACTA.

Parties responsible for TE, whether they obtain their approval from a Telecommunications Certification Body (TCB) or utilize the Supplier’s Declaration of Conformity (SDoC) process, must submit to the ACTA database all information required by the ACTA for inclusion in the centralized database of approved Part 68 products.

Questions and comments about this notice should be submitted to the ACTA Secretariat via email at acta@atis.org, or by phone at +1.202.628.6380.
