Trade name:	Frequentis
Model number(s)	1U XMG

Registration Under Part 68: Connection of Terminal Equipment to the Telephone Network

Pursuant to the provisions of Part 68 of the Commission's rules and regulations, registration is hereby granted for the equipment listed above. Any modifications to the model number or trade name necessitate an amendment to this registration. Each piece of equipment bearing the listed trade name(s) and model number(s) must be labeled in accordance with Section 68.300 of the Commission's rules and TIA-TSB168.

Please be aware that telephone equipment containing radio-frequency circuitry may require additional authorization from the Commission prior to being marketed in the United States. Failure to obtain the necessary equipment authorizations may result in fines and penalties as stipulated in Table V, Sections 501 and 503 of the Communications Act of 1934, as amended.

For future correspondence regarding this grant, please reference the registration number, the date of grant, and the certificate number.

All products listed must be labeled as specified in 47 CFR Section 68.300.

A copy of this certificate must be presented to U.S. Customs when importing any foreign-made products identified herein into the United States.
